

CO-OP FOUNDATION HI MAG IGR CATTLE MINERAL-MON MEDICATED

For Growing Beef Steers and Heifers on Pasture (Stocker, Feeder and Slaughter) or in a Dry Lot
and for Replacement Beef Heifers Weighing 650 to 1300 lb

For increased rate of weight gain.

ACTIVE DRUG INGREDIENT

Monensin 400 g/ton
A nutritional supplement containing (S)-Methoprene insect growth regulator for continuous feeding during the fly season to prevent adult horn fly emergence from the manure of treated cattle.

ACTIVE INGREDIENT:

(S)-Methoprene 0.008666%

OTHER INGREDIENTS: 99.991334%

Total 100.000000%

GUARANTEED ANALYSIS

Calcium (min.)	15.00%	(max.)	18.00%
Phosphorus (min.)			3.50%
Salt (min.)	14.00%	(max.)	16.80%
Magnesium (min.)			10.00%
Copper (min.)			1,790 ppm
Selenium (min.)			26.5 ppm
Zinc (min.)			3,500 ppm
Vitamin A (min.)			230,000 IU/lb
Vitamin D (min.)			52,000 IU/lb
Vitamin E (min.)			220 IU/lb

INGREDIENTS

Calcium Carbonate, Magnesium Oxide, Calcium Phosphate, Salt, Molasses Products, Bentonite, Yeast Culture, Zinc Sulfate, Manganese Sulfate, Vitamin A Supplement, Vitamin D-3 Supplement, Copper Sulfate, Natural and Artificial Flavors, Iron Oxide, Vitamin E Supplement, Sodium Selenite, Calcium Iodate, Ethylenediamine Dihydriodide, Cobalt Carbonate.

KEEP OUT OF REACH OF CHILDREN CAUTION

Use this product only as specified on the tag.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Using it in a manner other than that described by the label could result in harm to aquatic invertebrates. Do not contaminate water when disposing of rinsate or equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FEEDING INSTRUCTIONS

When used as directed Co-op Foundation Hi Mag IGR Cattle Mineral-MON will provide sufficient (S)-Methoprene insect growth regulator to prevent the emergence of adult horn flies from manure of treated cattle. Existing adult horn flies will not be affected. Start feeding before horn flies appear and continue use until cold weather marks the end of horn fly season. Assure cattle are not starved for nutrients in Co-op Foundation Hi Mag IGR Cattle Mineral-MON by providing them with Co-op Foundation Hi Mag Cattle Mineral prior to feeding this mineral. Introduction of this product after an adult horn fly infestation is established will require treatment of cattle with adulticides if immediate elimination of the adult fly population is desired. Feed Co-op Foundation Hi Mag IGR Cattle Mineral-MON at the rate of 4 oz per head per day in not less than 1 lb of feed along with good-quality pasture or other long-stemmed forage and clean, fresh water to provide 50 mg of Monensin per head per day and 22.7 to 45.4 mg of (S)-Methoprene per 100 lb body weight per month.

WARNING: A withdrawal time has not been established for this product in pre-ruminating calves. Do not use in calves to be processed for veal.

CAUTION: Do not allow horses or other equines access to feed containing Monensin. Ingestion of Monensin by equines has been fatal. Monensin-medicated cattle feeds are safe for use in cattle only. Consumption by unapproved species may result in toxic reactions. Do not feed undiluted. Feeding undiluted or mixing errors resulting in high concentrations of Monensin has been fatal to cattle and could be fatal to goats. Do not exceed the levels of Monensin recommended in the feeding directions as reduced average daily gains may result. If feed refusals containing Monensin are fed to other groups of cattle, the concentration of Monensin in the refusals and amount of refusals fed should be taken into consideration to prevent Monensin overdosing. Do not feed to sheep or other copper-sensitive animals.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool place.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Completely empty bag, then offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
